

Serve Up an Odor-Free Dining Experience for Your Guests

Customers choose their favorite restaurants as much for the atmosphere as they do for the food. But if there's a lingering odor from burnt food – or worse – forget about staying number one on any foodie's list. Fresh Wave® IAQ is the perfect odor solution for food service: Smell is so innately tied to taste, and Fresh Wave IAQ uses no masking chemicals that could potentially dull taste buds. Combined with the moral requirement to use a non-toxic solution anywhere food is involved, there exists no better option than Fresh Wave IAQ.

Fresh Wave IAQ is free of harmful VOCs, harsh and flammable chemicals and is recognized for safer chemistry by the Environmental Protection Agency's "Safer Choice" program.

Problem:

Ongoing odors from cooking, cigar and cigarette smoke, bathrooms, grease traps, sewage, dumpster areas and compactor rooms.

Solution:

Fresh Wave IAQ products to eliminate odors, not mask them.

Business Benefit:

Neither new nor repeat patrons will choose an eating establishment with lingering odor issues.

WHAT MAKES FRESH WAVE IAQ DIFFERENT?

- Eliminates Odor – Not a “masking agent”; contains no irritating fragrances.
- Broad Spectrum – Works on virtually every odor.
- Multiple Solutions – Provides delivery methods to address every odor issue.
- Safe – MSDS reads like water.
- HMIS Classifications: Health – 0, Flammability – 0, Reactivity – 0, Protective Equipment – NONE.
- Green – Recognized for safer chemistry by the EPA’s “Safer Choice” program.

Our Science**WHAT IS FRESH WAVE IAQ?**

- A proprietary blend of naturally occurring plant extracts, non-ionic food-grade surfactants and purified water

**Natural
Ingredients****Water****Lime****Pine Needles****Aniseed****Clove****Cedarwood****HOW DOES IT WORK WITHOUT USING “MASKING AGENTS”?**

1. Contact/Absorption – Fresh Wave IAQ molecules released into the air or applied to surfaces make contact with odor molecules via opposing electrostatic charges and random contact.
2. Solubility – Fresh Wave IAQ’s formulation enhances the solubility of gases (all odors are gases).
3. Absorption – Enhanced solubility of the gas leads to absorption of the odor gas.
4. Chemical Reaction – Fresh Wave IAQ modifies the odor molecule to a non-odorous state so that the odor can no longer be detected by the human olfactory system.
5. Biodegradation – Food for bacteria.

THE ODOR IS GONE AND WILL NOT RETURN.**IS IT SAFE?**

- Flash Point – None
- Tox Data – Non-toxic, per EPA guidelines
- VOC Data – No hazardous VOCs
- Ecological – Does not bioaccumulate
- Fresh Wave IAQ’s Air & Surface Liquid and Gel products have been recognized for safer chemistry by the EPA’s “Safer Choice” program, www.epa.gov/saferchoice
