

HYGIENIC, NEAT AND TIDY RESTROOM YOU ARE LOOKING FOR

Purleve™, the innovative door handle solution that offers a clean, sanitary experience for every user . . . every touch, every time. Employing a proprietary Automatic Sleeve Dispenser (ASD) technology, Purleve automatically advances an antimicrobial sleeve over the handle with every use, so visitors to washrooms and other public areas are no longer affected by the questionable hygiene habits of all the people who have gone before them.

- Low maintenance, low cost
- Recyclable Refill, Supports in Reduction of Paper Towels.
- Thousands of uses per refill
- Easy installation on any standard push-pull, locking or latching door
- Reduces germ cross-contamination
- Microban® antimicrobial protection over the handle inhibits the growth of odor causing bacteria, keeping the sleeves cleaner for continuous protection.

PÜRLEVE is 'GREEN'

Each of our Hygienic Door Handle systems incorporate lead free electronics and low-power systems.

- **No paper**
- **Antimicrobial sleeve 100% recyclable**
- **NO destruction of trees and forests and result in water pollution**

PÜRLEVE provides 'COST SAVINGS'

1. Cost of paper towels consumed and the labor to replenish.
2. High cost paper towels often end up on the washroom floor which leaves an unsightly dirty and wet mess.
3. Time and costs to clean up the unsightly mess of paper towels on the floor.
4. Trash bins filling up quickly with volume intensive paper towels.
5. Added cost of an extra trash bin by the door.
6. Time and cost to remove and replace trash bins.

PÜRLEVE helps 'DECREASE CROSS-CONTAMINATION & MAXIMIZE HEALTH & HYGIENE.'
